Description

Chania - Almyrida (North West): Awe inspiring views. A short walk from the beach, the Almirida village, and the town of Kalives. One in a complex of three independent villas.

Villa Kalives is a luxurious three-bedroom villa positioned perfectly to embrace a panorama of mountain scenery which merges into the far-reaching sea. The views are, quite simply, awe inspiring.

Contemporary and traditional architecture are combined to feature light wooden floors, expanses of glass, modern steel framed pergolas with wood panelling, and natural stone walling. Crisp white and smooth greys teamed with accents of stainless steel complete the sleek, stylish finish of the minimalist interior.

Huge glass doors open onto the grand swimming pool terrace that appears to float over the sea below and beyond. Relax in the heavenly luxury of this stunning property. The villas can be rented separately or together to accommodate larger parties.
