Overview

Set on a mountainside within the Mount Etna Park, overlooking the scenic Sicilian countryside between Catania and Taormina, and the Mediterranean sea in the distance, this beautifully renovated farmhouse is equipped with all the latest comforts for a luxury holiday in Sicily including a salt-water swimming pool, hammam andjacuzzi.

Description

Zafferana Etnea (East): This refined villa with pool, Jacuzzi and hammam sits on the slope of Mount Etna and enjoys a spectacular vista over the surrounding countryside and the sea.

This old rural farmhouse has been restored and converted into a fabulous private residence with a very contemporary feel. Framed by Mount Etnas unique natural environment with its vineyards, orchards and low stone walls, the property boasts an amazing saltwater pool with panoramic views, large and well-equipped terraces, a lovely garden with aromatic plants and a beautiful spa area with Jacuzzi, hammam, multi-sensory shower and salt grotto. Its cosy interiors, furnished with great care and attention to detail, occupy what were once the manor house, the winery, the stable and the storage room. Renovated using eco-friendly materials, they still retain their character and original architectural features. From the villa can be easily reached the other villages and natural beauties of the Etna Park and the most popular towns on the Ionian coast, such as Taormina, Catania and Syracuse.
